Professional Summary

SAP Functional Consultant with 5 years of experience specializing in SAP FICO (Financial Accounting and Controlling) and MM (Material Management). Adept at implementing and supporting SAP solutions for diverse clients, including JR Simplot and GM Financial. Skilled in business process mapping, system configuration, and integration, delivering optimized solutions for financial and material management operations. Proven ability to work in global environments with a focus on compliance and efficiency.

Core Competencies

- SAP Modules: Financial Accounting (GL, AR, AP, AA, BA), Controlling (CO), and Material Management (Procurement, Inventory Management, Logistics Invoice Verification).
- Data Migration: LSMW, BDC, IDocs.
- Integration: FICO-MM, FICO-SD.
- Reporting: Profitability Analysis (CO-PA), Financial Statements, Month-End/Year-End Closing.
- Tools & Technologies: SAP ECC 6.0, S/4HANA, SAP Fiori, Blackline, JIRA.
- Methodologies: Agile, ASAP.

Certifications

- SAP Certified Application Associate - Financial Accounting, ERP 6.0.
- SAP Certified Application Associate - Material Management, ERP 6.0.

Professional Experience

Client: JR Simplot
Role: SAP Functional Consultant
Duration: January 2023 – Present
Location: United States

- Configured and supported SAP FICO modules including General Ledger, Accounts Receivable, Accounts Payable, and Asset Accounting.
- Designed automated payment processes and foreign currency valuation workflows.
- Collaborated on FICO-MM integration for procure-to-pay cycle and FICO-SD for order-to-cash processes.
- Led month-end and year-end financial closing activities ensuring regulatory compliance.
- Prepared functional specifications for RICEF objects and provided end-user training.

Client: GM Financial
Role: SAP Functional Consultant
Duration: January 2022 – December 2022
Location: United States

- Configured SAP FICO modules for new company codes, chart of accounts, and controlling areas.
- Implemented accounts payable/receivable workflows, including lockbox and dunning configurations.
- Conducted business blueprint workshops aligning client processes with SAP best practices.
- Configured material valuation and logistics invoice verification in SAP MM.
- Delivered system optimizations for financial reporting and cost analysis.

Client: JR Simplot
Role: SAP Functional Consultant
Duration: January 2018 – December 2021
Location: India

- Executed full-cycle implementations and support for SAP ECC and S/4HANA.
- Configured New GL functionalities including parallel accounting, document splitting, and segment reporting.
- Automated payment configurations for diverse payment methods.
- Integrated MM and SD modules with FICO for inventory valuation and procurement workflows.
- Conducted UAT and end-user training for successful system rollouts.

Education

- Master's in Computer Science, Christian Brothers University, Memphis, TN, USA.
- Bachelor's in Computer Science and Engineering, KL University, Andhra Pradesh, India.

Technical Skills

- SAP: ECC 6.0, S/4HANA, Fiori, LSMW, IDocs.
- Tools: Blackline, JIRA, MS Visio, MS Excel.
- Programming: Python, SQL.
- Database: Oracle, MSSQL.

Achievements

- Successfully led SAP FICO module implementation for GM Financial within deadlines.
- Streamlined financial workflows at JR Simplot, earning client commendations for post-go-live issue resolution.
